GOLD COAST EAGLE DISTRIBUTING

February 28, 2008

To Whom It May Concern,

Gold Coast Eagle Distributing and I highly recommend Rainer Scheer and his Chillounge concept. In my experience with Mr. Sheer's event, he proved to be highly organized and efficient with an attention to detail that benefit both the city and the image of all the merchants in Sarasota. He is extremely honest with impeccable integrity. He has an immense sense of urgency and concern for the safety of his event. His Chillounge concept is a definite benefit for the city of Sarasota and one that I recommend that our political and law enforcement leaders embrace as a long term investment.
