Re: Bacardi Chillounge Night

Rainer:

Congratulations on the huge success of the Bacardi Chillounge Night !

Our Historic Avenue was completely transformed that night. Kurt, Ron & the whole JKL Design team should be commended for the incredible streetscape they created. The New Atmosphere Production team's visuals were equally stunning and should be applauded as well.

Our customers were truly entertained that evening and we have been fielding many inquiries as to when the next event will be.

You have succeeded in organizing the best and "coolest" event this city has seen in years; well done.

Cheers !
