

Chillounge Night

Historic Palm Avenue, the jewel of downtown Sarasota will transform into a magnificent outdoor lounge on February 2. The Sarasota Conservation Foundation will host this event, as a portion of the proceeds will benefit and help to preserve our wondrous city. Cash bars and food vendors will tantalize your appetite for food and libations for a fun filled entertaining event under the stars on this enchanted evening. The Chillounge Night founder, Rainer Scheer, a gallery owner on Palm Avenue, had a vision. He wanted to create a relaxing, entertaining environment where business professionals could network and chill; thus the Chillounge Night was born.

Sky Tracker will help you to find your way to the entrance area of the event and complimentary valet parking will help you to ease your way into the lounge area. Various entertainers will be presented throughout the evening. Beau Monde will provide cutting edge couture and present a thrilling fashion show. A Brazilian Samba parade will appear on the street. Flamenco dancers, opera from the balcony, and smooth jazz are the highlights.
